

Regional Championships Entry

- 2009 USA Water Polo National Events -

Purpose:

Each National Championship allocates limited entries to teams from each zone. If the number of Coastal entries for a given event exceeds the zone's USAWP allocation, a Coastal Zone Regional Championship (CZRC) determines the Coastal entries. Only after USAWP reports National entries to the zone, do we know for certain that a CZRC is required at all, and its exact format (Exception: National Junior Olympics, entries allocated by formula).

Completing the CZRC entry form here is **Step 1**, and entirely separate from entry to the corresponding national championship. **Step 2** is completion of the online [USAWP Entry Form](#). Completing both simultaneously is simplest. CZRC entry fees are payable immediately; national fees only once your team has qualified.

Teams wishing to enter a CZRC must do so by the deadline listed below, which **MAY BE EARLIER** than the entry deadlines posted in the national entry form.

Please note:

1. Send entries at your first opportunity, so zone can plan for CZRC's.
2. Fees **must be received** (not postmarked) by the deadlines below for this entry to be complete and valid.
3. Pay one check per club, per event (prefer separate JO's checks, boys and/or girls).
4. All checks will be deposited immediately. If no CZRC is required for an event, the Fentry fee will be refunded.
5. NO refunds for teams failing to attend the CZRC.

Payable to:

Coastal California Zone of USA Water Polo

Mail to:
